FROM

V. K. THYAGARAJAIYAR, ESQ., M.A.,
CENSUS SUPERINTENDENT IN MYSORE,
BANGALORE.

To

B. Ramaswamaiya, Esq., B.A., B.L.,
Secretary to the Government of His Highness the Maharaja
of Mysore in the General Department, Bangalore.

Subject.

Curtailment of certain Imperial Census Tables and the consequent reduction of Census expenditure.

SIR,

MT

With reference to paras 2 and 4 of my letter No.1336/F.176-22 dated 27th September 1921 furnishing certain information regarding the supplemental Budget, I have the honour to submit the following proposals for the further curtailment of the Imperial Census Tables and the resultant reduction of Census expenditure.

2. In their order No.G.22451/Census 24-20-4 dated 27th May 1921, the Government sanctioned my proposals regarding the compilation of certain Imperial Census Tables. On further consideration, I think that the compilation of Table XIX may be dispensed with. In regard to Table XIX, the Government of India in their Resolution No.93 dated 11th October 1920 say that "as at last Census the compilation of this Table will be optional at the discretion of Local Governments." At the last Census this table was compiled for Mysore and hence it was that I did not propose its omission at the present Census. As it is however optional and as its omission will lead to reduction of Census

P.T.O.

5

Census expenditure, I request the sanction of Government to the proposal that the Sorting and Compilation for Table XIX may be dispensed with during the present Census.

3. In regard to Table XI A, the position stands thus :-
In their Resolution No.93 dated 11th October 1920, the Government of India recorded their opinion as follows :-

"It has therefore been decided to continue the procedure of the last Census of recording age (and other details) only in the case of special streams of migration in different provinces which are of interest and importance. At last Census, special tables of this kind were constructed for immigrants into Calcutta and Bombay Cities, the Assam tea gardens and the Punjab Canal Colonies. The Census Commissioner will arrange with the Provincial Superintendents of Census Operations for the tabulation of any groups of immigrants which are of special interest."

In para 12 of his letter dated 5th January 1921, the Census Commissioner says as follows regarding this Table :- " In addition to the prescribed tables, special tables were prepared by certain Provinces to show special classes of the population, e.g., tea garden labour in Assam and Eastern Bengal and the immigrant population of the canal colonies in the Punjab. Attention is invited to the printed memorandum regarding Table XI. Provincial Superintendents should study the special Tables referred to and consider what useful information can be got out of a similar kind for the labouring population of their Provinces. It might assist the study of the concentration of labour into industrial centres if for such population birth place was correlated with occupation and caste, thus supplementing the information which will be available for organized industries in the Tables of the Industrial Census."
It was because of these two opinions and of the fact that Table XI A was compiled at the last Census, that I proposed the compilation of - Table XI A at this Census in the case of certain Tracts "should circumstances

"should circumstances be favourable". Since I proposed and the --- Government sanctioned the proposal, I have found that the compilation s not practicable in the case of the Krishnarajsagar Works area and of the Benkipur Iron works area. As the question of cost is also an important point, I venture to propose that if the Government have no objection, the compilation of Table XI A in the case of the Kolar Gold Fields and other special Tracts - which has been left by the Government of India and the Census Commissioner to the discretion of the Local Governments and the Provincial Superintendents - may be dispensed with on the present occasion.

I have the honour to be,

Sir,

Your most obedient servant,

28/9/21

Census Superintendent in Mysore.
